“Their mix of **charisma, boundless energy, and **musical talent** is a formidable combination” – The Overtake**

5 skilled musicians and singers, and one big back catalogue of hits! This is Flash: A Tribute To Queen, and they are ready to rock you!

From an idea born in 2002 to the impressive 5 piece tribute you see today – Flash have at their core a passion and drive to deliver a great night out, and it shows! From the moment Italian born front-man Claudio dons Freddie’s famous yellow jacket, and Nathan plays the first notes on a replica Red Special guitar, a high energy, charismatic performance is guaranteed.

Set lists change, but never lose the ‘hit after hit’ formula as the band seamlessly adapt their show to clubs, music venues, theatres, and corporate gigs. A firm favourite on the summer festival circuit, Flash regularly ramp up the volume on the Fake Festivals Tour, have played to 6000 people at GlastonBARRY Festival in South Wales, and in 2019 were booked for the Official Queen Fan Club convention for the first time.

Flash delight generations of Queen Fans in the UK and beyond, whether they are playing Trafalgar Square in London, or a Rugby Tournament in Dubai. It could be a set list of the hits in a full scale theatre, or the deep cuts like ‘Let Me Live’ in a more intimate setting. There is something for everyone to enjoy, discover, and celebrate.

So why not take a trip beyond the nostalgia to see a band that have built a reputation on raw energy, crowd participation, and a connection with each other and the hits they perform. Claudio, John, Daniel, Nathan, and Tom will take you on a musical celebration of one of the icons of British Rock, as you sing your way through this hits, and a whole lot more!
